Human Experience Campaigns

Risk Mitigation

Campaign Overview

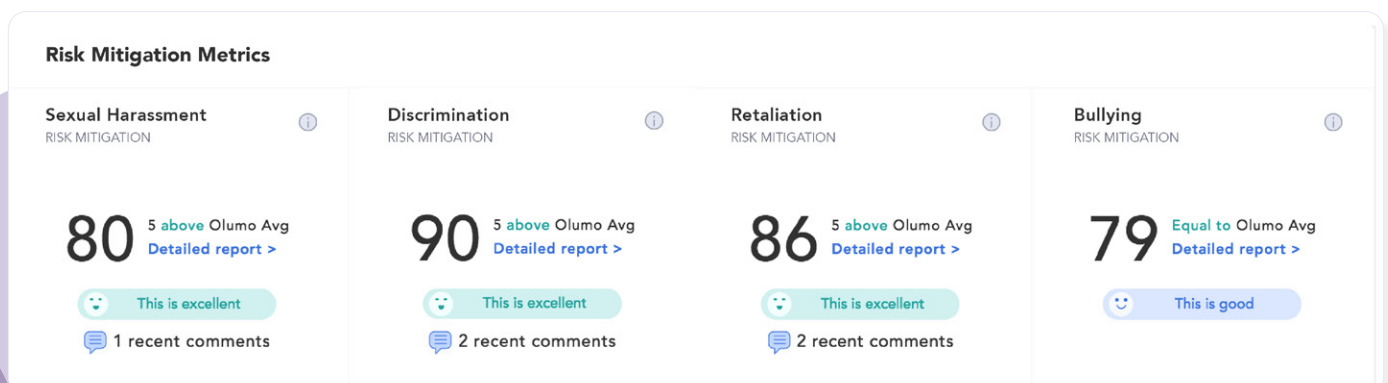

Every business is at risk and the majority of those risks come from their People. It's not enough to simply identify potential risks as it is what you don't know that presents the greatest threat to your organization. The most effective strategy is to consistently identify potential risks. Olumo helps organizations to go on the offense by proactively identifying organizational risks. Your people are your best defense because they know what's going right and what's going wrong. Olumo helps to create a safe and trusted communication path for your people to deliver the insights you need to protect your organization.

Methodology

Olumo engages with your people through weekly, anonymous, Human-to-Human conversations to listen and learn about their experience at work. Feedback is quantified into real time visual dashboards and actionable insights that deliver predictive insights surrounding organizational performance.

Benefits

- Proactively Identify Organizational Risk
- Assess 10 predefined risks or create custom risk measurements
- Know what actions to take based on conversational feedback
- View the impact of your actions in real time
- Identify what's working and what's not, iterate as needed

Additional Campaign Metrics: Age, Gender Equity, Persons with Disabilities, Racial Equity, Religion, & Sexual Orientation.
