

Human Experience Campaigns

Operational Efficiency

Campaign Overview

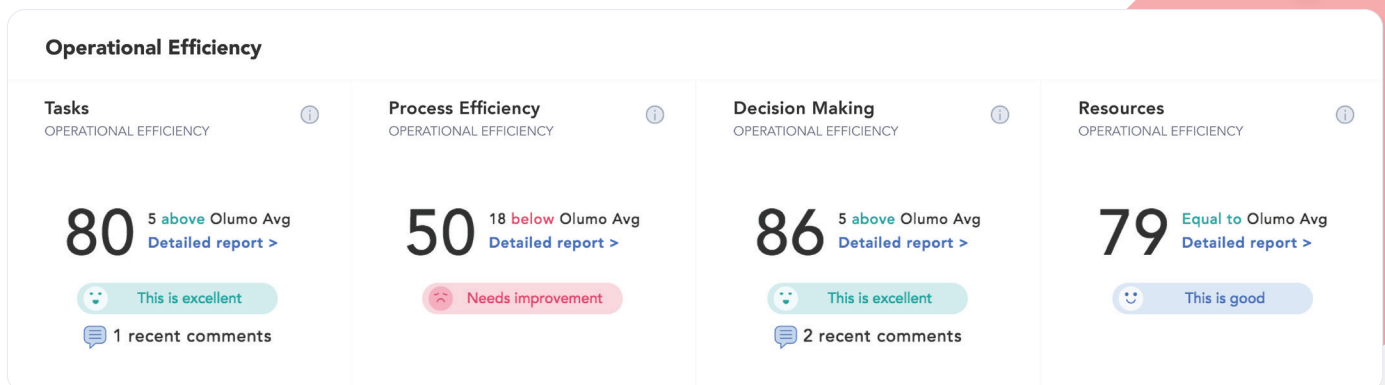

Operational Efficiency is vital the profitability of an organization. Increasing operational efficiency requires consistent effort and a strong commitment to continuous learning, but it all starts with listening. By systematizing feedback and keeping communication lines open, you'll get a better, granular understanding of what's affecting your operations. Olumo's Operational Efficiency campaign gathers feedback in real time surrounding processes, resources, technology, people and more. Helping you to quickly identify gaps as you learn from the front-line experiences of your people.

Methodology

Olumo engages with your people through weekly, anonymous, Human-to-Human conversations to listen and learn about their experience at work. Conversations are quantified into real time visual dashboards and actionable insights.

Benefits

- Increase bottom line profits
- Identify cost and resource inefficiencies
- Eliminate waste
- Know what actions to take based on actual Human Data
- View the impact of your actions in real time
- Identify what's working and what's not, so you can iterate in real time.
